SCOTT & WHITE

College of Medicine  
The Texas A&M University System  
Health Science Center

### ELECTROPHYSIOLOGY

The Scott & White Clinic (S&W) in conjunction with the Texas A&M University System Health Science Center College of Medicine (HSC COM) is seeking board-certified or eligible electrophysiologists to join our expanding Division of Cardiology. Two dedicated EP labs exist with a planned expansion to three within the next 3 years as the new hospital is completed. Approximately 2000 diagnostic/therapeutic electrophysiology procedures and device implants are performed annually. Two board certified electrophysiologists currently staff this program. An EP fellowship program is planned as part of this expansion in services. The 22-member Division of Cardiology offers a collegial, stimulating practice with a large patient volume, state of the art equipment, and fellow/resident/medical student education. Protected time for clinical or translational research is available to interested and qualified individuals, with additional start-up funding and the ability to collaborate with individuals from the Division of Molecular Cardiology at the Cardiovascular Research Institute. Academic appointment is through the Texas A&M University System HSC-COM commensurate with background and qualifications.

The Scott & White Clinic, a 500+ physician-directed multi-specialty group practice, is part of the Scott & White integrated healthcare system which includes the 465 bed tertiary Scott & White Memorial Hospital, and the Scott & White Health Plan, an 185,000 member HMO. S&W is the primary teaching campus for Texas A&M HSC COM. Located in central Texas, Temple, pop. 54,000, is 60 miles north of Austin and provides a desirable family-oriented environment.

Send CV and letter of interest to: **Gregory J. Dehmer, MD, Director, Cardiology Division, Scott & White Clinic, 2401 S. 31st, Temple, TX 76708.
